Liberty live stock markets present few satisfactory features this week from the sellers' standpoint. The run of local cattle was last week's prices. These were light, tidy butcher stock, weighing from 1,100 to 1,200. The stock that dragged were thin feeders, which had

been taken from grass too soon. Sheep and lambs were slow at prices ranging from 15 to 39c below rates of last week. Both sheep and hogs were slow because of difficulties nd delays in transportation to Eastern marfollowing is report of week's transactions at

Tanners in Better Heart.

A representative of one of our leading har-ness leather manufacturing firms, who has seen to-day's reports, speaks as follows concerning the situation and outlook of this indus-try: "Hides and leather have given signs of Stock at the Allegheny tanneries has a well cleaned out of late. A few weeks been well cleaned out of late. A few weeks ago stock was accumulating uncomfortably fast, and there was a fear that tanners would come up to the hot season with a larger surplus than usual on hand. All of the Allegheny manufacturers have been increasing their capacity during the last two or three years. Their product was so much in demand that it became necessary to enlarge. In the early spring it looked as though we had overdone the matter. But events have failed to justify our fears. So far as I can learn the tanners over the river are carrying very light stocks.

"When harness leather can be sold at all, the Pittaburg brand has little difficulty finding customers at lc per pound over all other brands." The firm represented by the gentleman here quoted works up 57,000 bides annually and consumes 12,000 cords of bark. In order to reach the total of the Allegheny harness leather tan-

A Substitute Postal Clerk Who Got Away With S6 Registered Packages. CHICAGO, June 20 .- W. C. Lally, a

substitute postal clerk was on trial in the United States District Court to-day charged with stealing 86 registered packages. C. A. Storev, an employe in the registry division who was dismissed after the robbery, testified that the only wonder was that there had not been more robberies. He said that the registry division was inadequately guarded; on Sunday nights from 8 to 11 P. M., there was no watchman, only two men occupied the office and the doors were wide open for railway mail clerks to enter and

All the circumstances, he said, pointed to Lally as the guilty man. Since December 20th there had been eight robberies, and the time books showed that Lafly was the only man who was on duty at the time when all these robberies occurred.

They are 129, 90 and 75 feet deep respectively. The diameter of the bore is six inches. They are cased with iron down to the rock, which is found at a depth of 15 or 20 feet. This makes it impossible for surface water to get into them. Bored wells are coming into favor bereabouts.

Pure water is necessary to good health Where wells are used too much care cannot be taken to keep out the surface water. The typhoid epidemic which decimated Williams typhoid epidemic which decimated Williams port, in this State, a few years ago, was caused by impure water. About nine years ago an alarming sickness broke out in our handsome suburb of Wilkinsburg. The sick list num-bered 300 or 400, and the death roll was very large. It was traced to sewage and surface

water getting into the wells. The ancients were great well diggers. Their wells were 15 or 20 feet in diameter, from 50 to 70 feet deep, and cemented from top to bottom. Stock Brokers Resting on Their Ours for After the morning call a small lot of Philadelphia Gas changed hands at 37, showing firmness, if not activity. Electric was opened at 51, with 50 bid. The firmness of this stock is accepted as an indication of a revival in the near future. La Noria was wanted at 15%, but it was held higher. The remainder of the list was

THE SUGAR TRUST

Leads a Rally in the Stock Market, Pollowed Later by the Conlers-The Bears on a Raid-Advances

in the Mojority. New York, June 20 .- The stock market was Turn of the Tide.

Yesterday's stock market was productive of a great many figures and very little business.

The news of the day was not of special importance, though the usual reports of rate-cutting in the West, beside other troubles, were talked about; but they seemed to have but little influence over the course of prices. The denial that the Rock Island intended to leave the Inter-State Association, with the un-expected buying orders in the market from London this morning, completely wiped out every appearance of weakness at the opening. and first prices were generally from ½ to % per cont higher than last evening's closing figures. The smaller shorts hastened to cover, and the result was further slight advances in the early trading. The bears, however, could not give us the fight so easily, and a demonstration was made against the list, with the result of bring-ing Union Pacific, which was a fair mark be-

made against the list, with the result of bringing Umon Pacific, which was a fair mark because of a threatened strike of its engineers, down nearly I per cent. Lackawanna, Missouri Pacific, Reading, Rock Island and Atchison followed with the general list, showing slight losses. The force of the movement was sport in the first half hour, however, and a better tone soon spread throughout the market, with Sugar Trust leading, It reached 114%, the highest point yet.

Oregon Transcontinental was helped by the announcement by Mr. Willard that he did not intend to liquidate Transcontinental but proposes in due time to reconstruct the company on a better financial basis, which will be greatly to the advantage of the stockholders. The stock rose about I per cent to 37. Duliness became the most conspleuous feature of the market after nooh, but prices continued to creep up, and the Coalers took the lead in the upward movement, which extended to about 1½ per cent, with Delaware and Hudson and Lackawanna leading. The suits to abolish the voting trust in Reading attracted no attention and seemingly had no effect upon the stock.

A realizing movement began in the last hour, and prices moved off quite rapidly in some parts of the list, Atchison, New England and Lackawanna leading. Just before the close there was another lot of gold ordered for export, and this helped the downward movement, the market closing quiet but heavy and close to opening figures. The final changes are all for fractional amounts, with advances in a large majority. Oregon Navigation and Western Union sold ex-dividend to-day.

There was the usual moderate business in railroad bonds and the regular firm tone, with slight fluctuations and lack of special reatures. The sales of all issues reached \$1,626,000. Reading 4s contributed \$137,000, the 2d incomes \$100,000 and the Erie 2ds \$107,000 to the grand total. Kansas and Texas cousels 7s rose 2½ to 90%. Ohio, indiana and Western 2ds lost 3, at 40.

F. D. LAYNG'S POINT.

He Takes the French Spring Works' Affairs

Into Court. A bill in equity was filed yesterday by Frank D. Layng against the A. French Spring Company, Limited. The capital stock of the company is \$500,000, of which Mr. Layng claims that he owns \$31,250 worth, He states that in 1888 Aaron French, Chairman of the spring company, without the knowledge or consent of the plaintiff or the Board of Management of the company, pur-chased the stock of the Bolton Steel Company, of Canton, O., to the amount of \$57,500, a controlling interest. In payment, French gave three notes for \$25,000 each and the balance in cash. The purchase was professed to have been made on behalf of the spring company, and was charged up to them.

been made on behalf of the spring company, and was charged up to them.

The Board of Managers afterward ratified the purchase. As a result, the regular dividends of the spring company have been suspended. Laying desires the Court to enjoin the payment of the three notes out of the partnership funds, and that the Board of Managers be required to indemnify the company from any loss by reason of the purchase. Also, that the Court decree that the purchase of the Bolton Steel Company's stock was not within the scope of the business oi the partnership, and the purchasers be declared to have made the purchase on their own account.

The City Stopped.

Isabel C. Sargeant, yesterday, filed a bill in equity against the City of Pittsburg, Chief Bigelow of the Department of Public Works, and W. J. Dunn, contractor. The plaintiff owns property on Stanton avenue, and asks that an injunction be issued restraining the de-fendants from laying the Haights Run sewer which goes through her property until a bond be given to secure her for any damage she might sustain. A preliminary injunction was granted until Saturday when a final hearing will be had.

In the Criminal Court yesterday Henry F. Voight, ex-Cashier of the defunct Farmers and Rio, 20@21c; prime Rio, 20c; fair Rio, 18%@19c; Mechanics' Savings Bank, of the Southside, old Government Java, 27c; Maracaibo, 22@28c; Mechanics' Savings Bank, of the Southside, who was to have been placed on trial, entered a piea of guilty. There were four indictments against him—for perjury, embezzlement, altering the books of a corporation with intent to defraud, and making false entries by a bank cashier. The amount he is charged with having embezzled is over \$100,000. Voight, who has been in jall now for over six months, was remanded for sentence on Saturday.

Grand Jury Work. The grand jury yesterday returned the following true bills: George Daub, Josh Evans, Patrick Cleary, James Laird, John Robinson, assault and battery: James McNally, aggravated assault and battery; Robert Ray, Michael Spence, selling liquor without license; Michael Spence, selling and furnishing liquor

on Sunday.

The ignored bills were: Lizzie Davis, selling liquor without license; Hugh Nelson, assault and battery. To-Day's Audit List, Accountant

LATE NEWS IN BRIEF.

—Secretary Proctor has returned to Washington from his home in Vermont and was in his office yesterday. his office yesterday.

—Andrew Grimes, the colored murderer of John Martin, mate of the schooner Annie Carl, at Atlantic City, on last Christmas day, was hanged at May's Landing, N. J., at 12:07 o'clock this afternoon. There was no unusual scene.

—Dispatches from Southeastern Kansas says the Necsho river is at flood height, is out of its banks in numerous places, and that many thousand acres of wheat and other grain are submerged and destroyed. In Necsho county alone the damage to crops is estimated at over \$500,000.

\$500,000.

—Among the 713 steerage passengers landed at Castle Garden yesterday by the steamer Wyoming were 300 Mormon proselytes. They were carefully called out from the other passengers and transferred to the Old Dominionline steamer, en route for Utah by way of Norfolk, Va. The elders in charge of the party traveled dirst class on the Wyoming. —Three murders in one day is the record in Putnam county, W. Va. James D. Paul, a bachelor farmer, was killed by a tenant, whose daughter he had misled. John Moore, another farmer, killed a neighbor, Henry Bradley, with a club, and Doc Lawrence, a miner, killed Tom Stevens, a fellow miner, with a pick. All the murders were in a radius of three miles. murders were in a radius of three miles.

—The complaints in Indiana about the destruction of wheat by a strange insect are increasing. They come chiefly from the central and eastern parts of the State, but the ravages of the little bug have already spread to Northern Indiana and the Secretary of the State Board of Agriculture regards the reports as alarming. The insect is what is known among agriculturists as the "green midge," another species of which is the "red midge."

the "red midge."

—Two Choctaw Indians, who had drawn several hundred dollars of Choctaw net proceeds funds and started for Ft. Smith, Ark., were killed Tuesday night in the woods of Sugar Loat Mountain, in Indian Territory. The remains were found yesterday by an Indian school teacher. Both men had been shot through the head with Winchesters and their pockets rified. Their horses were also stolen. Deputy Marshals were ordered to soour the country.

-Advices from Tucson, Ariz., say that friends of the men who robbed Paymaster Wham, some of whom are rich and influential, are making secret efforts to procure the appointment of a successor to United States Marshal N. K. Meade, who has pushed the pursuit and capture of seven of the robbers. Three yet at large have been identified and will be taken in a few days. Marshal Meade is in possession of important clews fixing the crime, and they regard the prompt appointment of his successor necessary to save the thieves from conviction.

Country Butter in Over-Supply and Slow---Cheese Easier. WATER-SOAKED PRODUCE ABOUNDS

SUGAR FIRM ENOUGH TO ADVANCE OFFICE OF PITTSBURG DISPATCH, THURSDAY, June 20, 1889.

Looking Upward.

Country Produce-Jobbing Prices. Cheese is moving out freely, but shows a York at the beginning of the week was speculative, and a reaction is at hand. Country butter is in over-supply and slow. A leading jobber of Ohio creamery says he would be glad to close out his stock at our quotations. The cash customer will find butter jobbers ready to concede. Much of the fruit and vegetables coming to markets is water-soaked and keeps but a short time. Eggs are in good demand at quotations. In general produce trade has been de-pressed the past week, owing to continuous rains.

—All the Lake Superior lines gave notice yesterday of a reduction in canal rates from New York to St. Paul to a basis of 38 cents. This is 2 cents lower than the rates announced on Tuesday. The announcement was also made yesterday that the Fitchburg would take its usual differential under the 54-cent lake and rail rate. This makes first class from Boston via that line 49 cents. The Omaha has announced that it will not only reduce its lumber rate to Kansas City to meet the Alton's cut but will put its Kansas City rate into Council Bluffs, Omaha, Sooux City and other Southwest Missouri river points. It does this under the long and short haul clause. The new rate is 15 cents, and applies from all stations on the Eastern and Northern divisions as well as St. Paul and Minneapolis.

Gordon, Melchoir Varner and others for the charter of an intended corporation to be called the First Church of Spiritualists of Pittsburg, the character and object of which is the support of public worship according to the faith, doerrine, discipline and usages of the Spiritualists, and for this purpose to have, possess and enjoy all the rights, benefits and priviless conferred by said act and its supplements. D. T. WATSON.

NEW ADVERTISEMENTS.

A STARTLING FACT.

The diseases of the kidneys and urinary organs are much more common than are generally supposed. Beginning by a weakness in the back, accompanied by pain, which at first may be so slight as to cause little or no inconvenience to the persons afflicted, still as the disease progresses there are presented a chain of symptoms which eventually lead to graver difficulties; there is an increased pain in the small of the back and in the region of the groins, high colored urine with brickdust sediment, scanty or copious flow, with frequent desire and pain in voiding it. Not only do the organs themselves become organically diseased, terminating in gravel or stone in the bladder, diabetes or Bright's disease, often ending in that most fatal condition, convulsive ureamis, but are one of the most potent causes of rhemmatism and dropsy. The physicians of the Polypathle Institute also treat successfully all forms of skin and blood diseases; also clubfoot, tumors, rupture, ulcers, various veins, piles and deformities.
